

**DIVISION OF  
STUDENT AFFAIRS**  
TEXAS A&M UNIVERSITY

# Division Program

*Goal 1. Enrich the learning experience of students by cultivating an environment of intellectual curiosity*

*Goal 1. Enrich the learning experience of students by cultivating an environment of intellectual curiosity*

Students learn both in and out of the classroom. Our programs, services, and experiences provide co-curricular opportunities for students to make progress towards achieving the Texas A&M Student Learning Outcomes, to integrate their learning, as well as, prepare for lifetime of learning and development.

## *Goal 1. Enrich the learning experience of students by cultivating an environment of intellectual curiosity*

To accomplish that goal, DSA departments and the Division will:

- Increase the number of opportunities for students to engage in High Impact Learning Experiences in the Division
- Enhance partnerships with faculty and other stakeholders to promote integrative learning
- Provide innovative programs, services, activities, and facilities that meet the needs of an increasingly diverse student population

## Current Projects...

- High Impact Practices
- Defining Academic Partnerships project
- Creation of the DSA Faculty Fellows program
  
- Numerous initiatives submitted by the departments for the strategic plan
